ARMISTICE NEGOTIATIONS BROKEN OFF BY RUSS

WARSAW DOOMED AS POLISH ARMIES ARE DRIVEN BACK BY THE RADICALS

Soviet Troops Within Forty
Miles of the Capital
City.

COUNTER OFFENSIVE HAS BROKEN DOWN

First and Fourth Armies Are
Routed by the Victorious
Reds.

(International News Service.)
PARIS, August 3.—Armistice
negotiations between the Poles
and Russians have been broken off, according
to official advices received by the
French foreign office today.

The collapse was reported to have
occurred, when the members of the
Russian delegation demanded a complete
discussion of peace terms.

The Polish first and fourth armies
are in full retreat, leaving a wide gap
open through which the reds are pouring,
the advices to the foreign office stated.
The Polish first and fourth
armies were holding the front
north and northeast of Warsaw. Their
retirement has opened the way to the
Bug river.

The Polish envoys, according to
the foreign office dispatches, informed
the Russians they were not
authorized to discuss peace but only
armistice terms. The Polish plenipotentiaries
are said to have left for
Warsaw to consult their government,
and announced that if they obtained
authority to discuss peace they would
meet the Russians at Minsk August 4.
The Polish counter-offensive is reported
in official advices to have collapsed.

BRITAIN IRRITATED

(International News Service.)
LONDON, August 3.—Irritation
and anxiety were displayed by the
British government today over the
delay of the Russian bolsheviks in
opening active armistice negotiations
with the Poles.

Officials of the foreign office and
others close to Premier Lloyd George
expressed belief that the reds were
deliberately holding up the conference
and that if it is held up much
longer plans for a general peace conference
will be called off.

ARE NEARING WARSAW

(International News Service.)
PARIS, August 3.—The Russians,
driving on Warsaw from the north,
are now less than 40 miles from the
city, according to a Basle dispatch
today.

VIOLENT BATTLE RAGES

(International News Service.)
LONDON, August 3.—Violent
fighting was still in progress between
the Poles and Russians north-
east and southeast of Warsaw today
with both sides claiming successes.
The Polish war office claimed that
the Russian drive on Warsaw from the
north had begun to weaken, while
the soviet war office at Moscow re-
ported that the Poles were in retreat.
Note: A soviet communique on
Saturday said that the Bolshevik
troops had reached Brest-Litovsk and
later the fortress was reported captured.

BREST-LITOVSK TAKEN

(International News Service.)
LONDON, August 3.—Official
announcement of the capture of the
fortress of Brest-Litovsk from the Poles
was contained in a war office com-
munique sent out from Warsaw to-
day.

URGES FRENCH ACTION

(International News Service.)
PARIS, August 3.—Former Premier
Clemenceau's paper, *Le Homme Libre*, today urged France to occupy
the Ruhr district, the chief coal fields
of Prussia, unless Germany withdraws
the reichwehr from the east Prussian
frontier at once.

The reichwehr were concentrated on
the east Prussian frontier without
permission of the allies, the German
government claiming that the move-
ment was necessary to protect Prussia
from Russian invasion.

leted. The remains will be accom-
panied here by the deceased soldier's

to send an escort of honor for the

The body of Sergeant Kelley is the
first to be brought here from Europe.

until a few years ago and had many
friends in the Twin Cities.

FINAL PLANS MADE FOR CELEBRATION OF LABOR DAY BY THE LOCAL CRAFTS

Enthusiastic Meeting of the Cen-
tral Labor Union Was Held
Last Night.

COMMITTEE'S REPORTS
DELIVERED AT MEETING

Line of March for Parade Will
Be Same as Last
Year.

Most of the attention of the Cen-
tral Labor Union's meeting, held last
night at Hardage Hall, was given to
consideration of plans for the Labor
Day celebration which falls on the
6th or first Monday in September. The
highest enthusiasm was reached when
President Gentry announced that de-
finite plans were on foot for holding
an "Old Fiddler's Contest" during the
afternoon of Labor day.

The following committees reported
through their chairmen: On grounds
D. C. Jones stated that the Aviation
Grounds, near the Water Tower in
Albany had been secured as being the
most convenient, and as large enough
to accommodate the large crowds ex-
pected. For the refreshment com-
mittee Andrew Babier reported progress
as to the erection of stands and the
like, and also recommended that a
special committee be appointed on
"Barbecue". The recommendation of
the committee was concurred in and
the following committee was named:
J. J. Wadell, W. M. Thomas, and T.
Worley.

For the parade, W. M. Thomas
stated that the line of march would
be about the same as last year, the
formation to take place near the Y.
M. C. A. building, march down sec-
ond Avenue to Decatur, over Bank
street, over Second Avenue again and
thence to the Aviation field. On mo-
tion of Geo. M. Webb, Mr. Thomas'
committee was directed to secure
suitable conveyance for the older
members of the 16 to 18 organized
crafts.

Ellis Wright, for the finance com-
mittee said that while the pledges
made good that they were being pay-
ed too slowly. For the prize com-
mittee E. M. Johns made a report
which was adopted. In this connec-
tion Geo. M. Webb donated two
prizes: The first, \$10, to the Union
man having the largest family at the
grounds, and Five Dollars to the
Union man having the second
largest family. For the Publicity
committee J. E. Blair recommended
that not less than a page advertise-
ment be run in the Albany-Decatur
Daily, that handsome programs be
made for all the visitors at the cele-
bration, that a special committee be
appointed to aid in making out this
program, and that 5000 posters be
printed and sent throughout Morgan
and adjoining counties. All the re-
commendations of the committee were
concurred in, with the exception of
the last which was voted down by a
substantial majority.

Herman Safely, who has the special
distinction of being in charge of the
entire musical arrangements, recom-
mended that the local Union Band,
of from 12 to 15 pieces be employ-
ed for the entire Labor Day celebra-
tion, which recommendation was ac-
cepted. The committee named by Mr.
Gentry to aid the publicity commit-
tee was as follows—Avery Safely, W.
R. McClusky and Frank Imman.

T. B. Huddleston stated that Ed. B.
Almon and a number of other distin-
guished out of town speakers were
expected. He said for the speaker's
committee that Sam E. Roper, Sys-
tem Chairman of the L. & N. crafts
and W. R. McClusky, member of
the Executive Council of the State
Federation of Labor would be pre-
sent at the celebration and make ad-
dresses. Mr. Huddleston read the
following letter from Hon. E. B. Al-
mon, written in response to his in-
vitation.

CHARLES H. EYSTER RESIGNS AS HEAD OF COMMERCE BOARD, EFFECTIVE AT ONCE

Says Press of Other Business
Prevents Him Giving Time
to Office

DIRECTORS WILL ELECT
SUCCESSOR THIS WEEK

Considered Likely That Vice
President Fred F. Tidwell
Will be Named.

Charles H. Eyster, head of the Al-
bany chamber of commerce since its
reorganization nearly a year ago, has
resigned as president of the commer-
cial chamber. In a letter to vice pres-
ident F. F. Tidwell, Mr. Eyster asks
that this resignation be effective im-
mediately. He declared the press of
other business was such that he was
unable to give to the office the per-
sonal attention that it demanded.

The board of directors of the cham-
ber of commerce are expected to meet
this week to take action on the resig-
nation. It was considered likely that
Mr. Tidwell would be named to fill
out the unexpired term.

Plans for the chamber's booster trip
in September are going forward rap-
idly and the committees handling the de-
tails are working hard. Already thirty
automobiles have been promised
for the trip. For the first time Al-
bany ladies will make the trips to
boost their home city.

SECOND TRIAL OF CHARLIE NAMIE IS ON THIS AFTERNOON

The second trial of Charlie Namie,
charged with fatally shooting a negro,
began in the Circuit court this after-
noon. A special venire of 80 jurors
has been summoned for service and
from that number little difficulty in
picking a jury is anticipated.

Namie's case has attracted wide at-
tention because of the number of de-
cisions by the supreme court on bail
pleadings. The jury in the first trial
was unable to agree.

he should devote all his time to his
work. He is so nervous and irritable

TEUTONIC TROOPS
ON PRUSSIAN BORDER

Soviet Government Has Revealed
Its Hand by Defying En-
tente Plea for Peace.

(By FRANK CHARLTON.)

NEW YORK, August 3.—The Rus-
sian central soviet government has
completely revealed its hand in the
breaking of armistice negotiations
with the Poles. There is every im-
plication that Russia desires to impose
her rule on Poland and dictate her
peace terms without allied inter-
ference, while the Bolshevik army is
smashing its way through Poland and
is drawing closer to Warsaw, the cap-
ital.

Russia wants to enter into direct
negotiations for peace with Poland
while discussing armistice conditions.
Whether the breaking of the truce
parley will result in a complete col-
lapse or whether the Polish envoys
will be empowered by Warsaw to dis-
cuss peace will not be known until the
Warsaw government has been consult-
ed.

The morale of the Polish army,
meanwhile, seems to have broken. The
French foreign office, Poland's best
friend, admits that the Polish off-
ensive has failed. The Russian reds,
flushed with victory, are rolling down
through Poland with amazing speed
and are less than 40 miles from War-
saw. It is likely that the Poles, rein-
forced with volunteers, will make their
last stand on the Bug river, 15 miles
north of Warsaw.

The Bolsheviks on the north have
passed the fortress of Brest-Litovsk
and from that position are pressing
westward. Neither Great Britain or
France is in position to go to Poland's
aid at this time and Poland appears to
be at the complete mercy of the Rus-
sian reds.

The bold and defiant attitude of the
Moscow government is causing much
anxiety and anger in the allied coun-
tries. Russia has given her reply on
the battlefield by continuing the
smashing drive against Poland, but
the greatest potential element in the
situation now is what the future atti-
tude of the German government will
be. Russia, meanwhile, has been
spreading her propaganda in Ger-
many while her military forces are
on the east Prussian frontier and
there is said to be widespread agita-
tion in Germany for a union with
Russia. So far, the Russian troops on
the German border are scrupu-
lously refraining from entering Ger-
man territory. The German govern-
ment, meanwhile, has asked permis-
sion to send an army into east Ger-
many to protect her frontier. This
was refused by the allies, who are
alarmed at the prospect of a union
between the Russians and Germans.

Huntsville Man Asks Heart Balm

SUES FOR \$7,000, ALLEGING
ALIENATION WIFE'S
AFFECTION.

HUNTSVILLE, Ala., Aug. 3.—A
suit asking \$7,000 damages for the
alleged seduction and alleged aliena-
tion of the affections of his wife,
Daisy Priest, has been filed by Wil-
liam Priest against William Ricketts
of Dallas in the Circuit Court of Ma-
dison County and it is expected that
the case will be tried in the civil term in
October. Mrs. Alice B. Baldrige is
attorney for Priest, while Mr. Rick-
etts is represented by Attorney R.
Earl Smith.

In his answer to the suit Mr. Rick-
etts avers that the petition for dam-
ages does not show how or where the
alleged seduction or alleged aliena-
tion of the affections of Mrs. Priest
occurred and that if such occurred he
alleges it is not the first time.

ELLIOT IS FOUND NOT GUILTY TODAY IN CIRCUIT COURT

The third trial in the Circuit court
of Sandy Elliot, held in connection
with the death of Louie Irwin, another
negro, today resulted in the acquittal
of the defendant on a charge of man-
slaughter. The killing occurred in
front of the old Lyceum theatre, a
negro moving picture show on Church
street.

Elliot was tried sometime ago on
a charge of murder in the second
degree, receiving a sentence of 10
years. Later he obtained a new trial,
was tried on a charge of manslaughter
and received a sentence of 5 years.
The third trial began yesterday after-
noon, the jury reporting shortly af-
ter ten o'clock this morning.

Charles L. Price, local attorney,
represented Elliott throughout his
long fight for his liberty, which be-
gan March 29, 1917. Associated with
him prior to his appointment as judge
was Hon. W. T. Lowe and at the last
trial S. A. Lyne.

MORE CARS WANTED FOR BOOSTER TRIP

OWNERS OF MOTORS URGED TO
CALL ASBURY MALONE AND
VOLUNTEER THEIR USE

Although more than thirty cars
have already been pledged for use
during the booster trips of the Al-
bany Chamber of Commerce, still
others are wanted and needed, it was
announced today by C. P. McDaniel,
secretary-manager of the commercial
organization.

"I trust any owner of an automobile
who is in position to make the trips
or who will let us have his car for
that purpose will call Asbury Malone,
chairman of the transportation com-
mittee, and notify him to that effect,"
Mr. McDaniel stated today.

It was announced that the booster
committees would meet on Friday
evening at 8 o'clock at the rooms of
the chamber of commerce.

THE PROPAGANDA OF THE PROFITEER

Propaganda is not a new art. It was popularized, however, by the carefully laid schemes of the Germans to obtain certain military advantages by psychological methods. Since the world war, the American business man, quick to grasp an idea, has substituted it for wooden nutmegs in an effort to obtain unjust profits. And at least one hard-headed citizen of this republic is awake to the fact. He is Howard E. Figg, special assistant to the attorney general, in charge of the enforcement of the Lever act in so far as it concerns profiteering.

"The department of justice is fully advised," Mr. Figg says in a recent statement, "of the several phases of the carefully planned campaign to stampede the retailer and the public into a renewed fictitious demand for clothing and thereby force prices higher. Manufacturers and jobbers are even going to the length of 'guaranteeing' the retail trade against a declining market."

And Mr. Figg states further that as soon as he can fix personal responsibility on this clever method of exploitation that he will begin prosecutions. It is to be hoped that he will.

Probably the most reprehensible method of forcing the price of clothing higher is that adopted by the American Woolen company. After the tightening of the money market had curbed the speculator, and the decreased demand had threatened to force the manufacturer down to reasonable prices, this big concern adopted the very simple plan of ceasing production until the law of supply and demand would again assert itself. It mattered but little if some 40,000 persons were thrown out of employment, for an enterprise that could ignore the rights of 90,000,000 Americans certainly would feel no compassion for less than half a hundred thousand operatives. It has been charged that the American Woolen Company made profits of 365 per cent a year, or one per cent a day. Exorbitant, but no doubt pleasing to those who were raking in this unholy and unearned increment.

So far the head of the American Woolen Company has escaped prosecution because of a ruling that cloth is not clothing. And so far, practically all the big profiteers have managed to slide by unscathed. But if the capable Mr. Figg continues on the job and maintains his present ideas as to the real aims and purposes behind this carefully laid scheme of the manufacturers to mulct the masses, there is hope for the dawning of a better day.

CONTINUES WORK FOR SUFFERING HUMANITY

The American Red Cross, which did such noble work during the war, has not demobilized its forces. Instead of ending its work with the end of the war it has launched a peace-time program for the benefit of suffering humanity.

Community Life, official organ of the Red Cross of the Gulf Division, announces this month:

The American Red Cross has definitely decided upon health service as its principal peace-time activity. In line with the League of the Red Cross Societies, it has adopted the following health service program:

1. To stimulate and maintain interest in public health work.
2. To support and, if need be, supplement the work of the government agencies.
3. To disseminate useful knowledge concerning health through demonstrations, education and otherwise.

The Red Cross already has given

many worthy examples to America, but none more worthy than its health program.

HEALER WILL GIVE ABSENT TREATMENT

T. B. POTTER STATES THAT HE
WAS MUCH BENEFITED
BY VISIT

"Brother" Isaiah, the New Orleans faith healer who has been visited by many local people, and whose "cures" are the subject of both controversy and cynicism, will give absent treatment in future, it was stated here today by T. B. Potter, who recently returned from a pilgrimage to New Orleans.

"Brother Isaiah has adopted a new plan," said M. Potter. "Realizing that the trips to New Orleans are expensive and that he possesses no power within himself, he will hereafter allow those who are afflicted to mail him a handkerchief or some such object, which if he finds the sender has sufficient faith in God he will return with instructions. Brother Isaiah only claims to be God's minister, and does not pretend to possess and remarkable powers himself."

Mr. Potter is himself preparing to send a handkerchief to New Orleans, as he has developed a kidney trouble since his return. He suffered a paralytic stroke 13 years ago, and since taking the treatment says that he is much improved. He has better use of his paralyzed arm and states that he now sleeps soundly at night. In the course of time he believes that he will be entirely well.

Grocer Up Against It

"I have been up against it for past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of May's Wonderful Remedy through a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—S. M. Thompson, Albany; Owl Drug Co., Decatur and druggists everywhere.—Advertisement.

AMUSEMENTS

MERWIN'S GREATEST NOVEL
SCREENED AT THE PRINCESS

It is always intensely interesting to see how a book that one has enjoyed and admired between covers fares when it reaches the hands of the motion picture producer.

Millions of readers found in Samuel Merwin's best-seller, "The Honey Bee," a story of unusual theme, fascinating character studies and extraordinary appeal—the story of a woman in revolt against her empty, loveless, childless life; a woman between whom and the little honey bee the author traced a wonderfully interesting analogy. Millions found it not only an entertaining story, but one with the rare quality of giving the brain-cells something to do, yet also at times wrinkling the corners of the mouth.

This popular book is now translated into pictures by the American Film Company and can be read from the screen at the Princess Theatre today.

It is a play that mixes heart-throbs, chuckles, thrills and honest-to-goodness laughter in quite satisfying proportions. Mme. Marguerita Sylva, the grand opera star, heads a banner cast that includes Thomas Holding, Nigel Barrie, Albert Ray, George Hernandez and others—besides Kid McCoy. That last name guaranteed that the great Paris prize-fight between the "Carpentier" and the "Blink Moran" of Merwin's story would be put over in true professional form—and it is. Rupert Julian directed the production.

HITS AND MISSES

By BARRETT SHELTON

COLUMBUS WAS BLIND

If Josh Cody had been living in the often remembered date of 1492 he probably would have made Christopher Columbus look like Sir Thomas Lipton trying to stop Moon Ducote on his way over the line.

Josh is the stuff, that's the word with the bark on it; he beat Waverly at their own game. Waverly is the one and only crew to stow away the valiant Lawrenceburgers in a three game series. The discovery that Cody made is that he found a team to stop the others in Tennessee.

Yesterday he faced Waverly and beat them 9-6 and the fans of Albany-DeCATUR are entirely with him. At last he will take a crack at Lawrenceburg and if the team keeps up the present rate the scalps from the neighboring Tennessee hamlet will be food for the adding machine in the official count. The same teams pull out today and here's hoping for the Columbia outfit.

GANG WAY FOR A DEEP SEA WAVE

Look at 'em come. Two in succession and off the Cincy Reds too. Brother "Jawn" McGraw must have done the same thing as did Hughie Jennings. This same Mr. Jennings quietly slipped his crew the word that if they didn't pull the loss column to an even keel with the other side that some few of them would be the recipients of the little pink slip.

Well, just look at the Tigers. You can't stop them and they mean to finish some where in the top four. Boston took the count from them twice and that endangers the position of the Red Sox very much, for it the Tigers ever get into a position they can't be forced to turn loose.

They demonstrated this fact when they got into the seventh berth for they haven't jarred loose since the season began. Now just whether Mr. McGraw broke the same brand of dope to his outfit it is not known but at any rate they are now in the public eye and it looks as if they mean to stay for some time. Wouldn't it be some World Series if the Giants were to fight it out with the Yanks.

38 OH! BOY.

A memorial day has been declared at Chicago in memory of a certain hurler that invariably faces the modest Babe in every series with the White Sox. This gent is a Gleason hireling answering to the name of Williams. Babe collected his third home run of the season off the delivery of this slapper of the windy city and promptly got his walking papers for the rest of the game. After slugging the first one into the left field bleachers, Ruth got two walks. Then he reached over and busted one straight up. It was hit so high that before Risberg could get his claws to it the Babe was on second. But it was only an infield fly.

WILLIAM JENNINGS NUMBER 2

are now suffering in the wake of a certain storm that broke over them this week. The weather conditions had nothing to do with it from an outside viewpoint but the hot air in Sheffield was the cause of the disturbance. Judge C. P. Almon of the Nitrate District is the originator of all the compressed atmosphere. He orders that all the Sunday baseball in the "Dam" section be stopped. His ground is that the state prohibits all Sunday ball. Evidently he is mixed for Birmingham and Mobile are hazy at it when ever the schedule hits them on the Sabbath. The Judge doesn't seem to realize that Sunday is probably the only day that the working man has a chance to gaze in the arena and see his beloved locked in mortal combat with an enemy from afar.

HURRAH-HURRAH-HURRAH

The Vols won. Isn't that enough for joy to be spread all over the far reaching area of the Southern circuit. The Barons were the victims after a three day victory in both the Magic City and the present scene of bloody politics now being carried on in the Roberts-Crabtree match.

When the Vols win it always makes you think that the end of the world is near for it is only once in a life time.

BARONS VS. PELS

That's the way it looks now with Little Rock losing all the support from the big leagues. Calvo and Wano hit the Northward trail to the big top next week after Clark Griffith, the gri pilot of the Senators, made a trip south in the effort to get a few helpers to keep his team in the running. Griffith promised his crew that he wouldn't return to the fold empty handed and he won't. Calvo and Wano both leave shortly. Yellowhorse is still in the hospital. So Molesworth, the chubby Baronial head and J. Dobbs will have to fight it out the rest of the way.

A WOMAN'S BACK

The Advice of This Albany Woman is of Certain Value.

Many a woman's back has many aches and pains. Ofttimes 'tis the kidneys' fault. That's why Doan's Kidney Pills are so effective. Ask your neighbor. Many Albany women know this. Read what one has to say about it: Mrs. C. E. Spurlock, 108 6th Ave., Albany, says: "I had been suffering from stomach trouble for a year or more and it finally brought on kidney trouble. I got down real bad with my back and it got so bad I couldn't take a step across the floor. I had blind-ing spells and my kidney didn't act right. A friend told me about Doan's Kidney Pills and I got a supply at Dillehay Brothers' Drug Store. I used them for about four days and felt much better. Continued use fixed me up. I haven't been bothered since."

HAS MORE ENERGY AND ENDURANCE

This 73 year old Alabama citizen declares, the root and herb remedy "Dreco" eased his stomach, quieted his nerves, relieved constipation, kidney trouble.

"I am 73 years old but don't feel it, these days" declared Mr. A. D. Hill, the well known farmer on Route 4, Gadsden, Ala.

"I have more energy and strength these days and can walk twice as far as before, without growing tired, since taking a couple of bottles of Dreco, the root and herb tonic. My strength was falling me fast; I couldn't sleep much on account of my nerves. My appetite was gone; was bilious; had pains in my back and was constipated most every day, I got down so bad I had to stop work altogether. Dizzy spells bothered me frequently.

"A friend recommended Dreco to me, so I bought a bottle and that first bottle did me lots of good, so I got another. I am now able to work some; bowels acting regularly, no more dizzy spells and I sleep sound every night, and have a big appetite. The backaches are all gone too. Dreco is fine and I gladly recommend it."

All druggists now sell Dreco and it is being especially introduced in Albany by Albany Drug Co.; in Decatur by Hilda Drug Co.—Adv.

Raise Suggested as Means Lower Cost of Living

(International News Service)
WASHINGTON, August 3. — The public may be spared the high cost of living by reason of the increased freight rates, through the absorption of the increases from excess profits, W. Jett Lauck, consulting economist for the railroad labor organizations, stated today.

While the increased freight will place an added burden upon the consumer, this burden will not be very heavy provided prices of commodities are raised no more than necessary to compensate for the increase. He said, however, that absorption of the increase from excess profits would solve the problem immediately.

COUNCIL MEATS

Better Meats That Cost Less
No Waste · No Ice Needed
Always Tender
Ready-Cooked To Perfection

Stop Buying Water- at the price of meat

A GOODLY part of the meat you buy is water, and when the meat is cooked much of the water in it—for which you have paid—goes off in steam. The water is just so much more waste for which you pay, just like the uneatable trimmings.

Council Meats in cans are ready-cooked—the water isn't counted in the weight for which you pay. Neither is there any waste, for every bit of a can of Council Meats is good nutritious food.

And it is so easy to prepare Council Meats!

Take Veal Loaf for instance. To prepare it yourself at home means a good bit of work and trouble and time. But when you buy Council Veal Loaf it is all ready-cooked and it only has to be warmed in the can—opened—sliced—served. All the other Council Meats are just as easily served.
